

Engage Students Involve Families

An engaged community leads to higher levels of success. Learn how a branded app can make a difference for your school or district.

It's one of the best things I've done in my nine years as principal...

– Coy Sudvary, Principal,
Buckeye Local High School (Rayland Ohio)

Daily Messages

Daily Messages display on the home screen throughout the day and are great for indicating Block Schedule (A/B) Days, Early Release Days or any Daily Announcements.

Hall Pass

Bring out-of-class accountability into the 21st century by allowing teachers to issue and manage hall passes with a few clicks on a student's device. Hall Passes can be issued remotely from any device!

My ID

Digital IDs go anywhere a phone or tablet goes and includes all the information for most library and cafeteria systems, as well as, a great way to check-in for off-campus events.

My Assignments

Digital notebook that allows students to keep up with class notes, due dates, and set reminders.

Our Integrated Communications Platform can also include:

Voice Dial, Text & Email
Website/CMS

24/7/365 Support

Content Management, Automation and Integration

We use a variety of cutting edge tools to automate many of the content features to ensure your app stays up-to-date with current content without any duplication of efforts. With our integrated platform that can include a branded mobile app, mass notifications that include voice, email, and SMS (text) messaging, and your school or district website and CMS, content management and communication across platforms has never been easier.

Conversations

2-way digital messaging for schools done right. Conversations brings together the ease and familiarity of text message and other popular instant and group messaging platforms with the administrative oversight and controls that are necessary in today's digital age. With Conversations, teachers can instantly chat directly with individual students and parents or easily create groups to share class documents, materials and assignments, answer questions, inspire engagement and more!

Community Share!

Never miss the chance to tell your school's story and share your best moments even when you aren't there to see them unfold yourself! Empower teachers, parents and even students to submit news, pictures and video content for administrative approval before posting to your school or district app by SchoolInfo and other communication channels including social media, your website and Voice Dial, Text and Email.

Video Messaging

Ensure your message is being heard with SchoolInfo. Video has become the preferred method of gathering information for many today. Through a branded mobile app by SchoolInfo, administrators can send Video Messages directly to their desired audience with push notifications. Increase engagement within your community by sharing more personal messages coming from a familiar face.

Give Your Staff the Tools Needed to Engage Students, Teachers, and Families... Delivered Right to Their Phones.
