

# Custom .app eZLink

Any Device, Any Browser

## Make Sharing the News About Your App Easier

A Custom .app eZLink is an easy to remember and simple to share gateway that makes finding and downloading your school, district or association app a breeze! It's your school, district, mascot or motto name followed by .app that instantly directs any user on any device using any browser to your school or district's app by SchoolInfo!

- Recognized for any app on any browser
- Applicable to both the mobile and web versions of an app
- Share your app with ease to families, students, and other stakeholders
